Tonight

Tonight

70% recycled polyester FR, 30% polyester FR
295 cm (116") wide
12 colours

Tonight is a piece-dyed, woven blackout curtain with a gentle and sophisticated personality. Crafted from 70% recycled polyester, the curtain has a remarkably soft drape and a lustrous, almost silky surface with a smooth hand.

Tonight offers a spectrum of twelve diverse and appealing colours, ranging from light, muted natural tones to deeper and richer hues like Sky, Forest, Eclipse and Silver Grey. When light hits the monochrome surface, these colours are given a fascinating shimmering depth, and the subtle structure of diagonal ribs is brought to life.

Due to its special weaving construction the twill weave is reversible and can be hung vertically and horizontally. *Tonight* is flame-retardant and is suitable for public and private spaces.

With our commitment to reduce the environmental impact of our products, we have avoided the use of PFAS chemicals which pose significant risks to both environmental and human health.

Tonight removes the need for an additive coating and still achieves the properties of a woven blackout curtain through its considered use of manufacturing methods, such as weaving with a higher density of yarns to prevent light transmission.

Kvadrat

Kvadrat was established in Denmark in 1968 and has deep roots in Scandinavia's world-famous design tradition. A leader in design innovation, Kvadrat produces high-performance, design textiles, rugs, acoustic and window covering solutions for both commercial and residential interiors.

Our products reflect our commitment to colour, quality, simplicity and innovation. We consistently push the aesthetic, technological and functional properties of textiles. In doing so, we collaborate with leading designers, architects and artists including: Miriam Bäckström, Raf Simons, Ronan and Erwan Bouroullec, Thomas Demand, Olafur Eliasson, Alfredo Häberli, Akira Minagawa, Peter Saville, Roman Signer, Doshi Levien and Patricia Urquiola.
