Air 4

Air 4 is a classic curtain designed by Erik Ole Jørgensen.

Crafted from Trevira CS, *Air 4* is plain woven, offering a matte structure that evokes a natural look and feel. Its light construction results in a soft drape, creating a delicate layer of translucent colour between the interior and exterior.

The palette supports the airy nature of the textile, with 21 nuances built up in colour groups. Each hue varies in intensity, from sky blue to violet, mint to dusty green, and from wax yellow to apricot. These gradients sit alongside a versatile range of both warm and cold neutral tones.

Air 4 is fire retardant and has superior lightfastness, making it an ideal choice for contract environments as well as private homes.
