Kelim Naturally Coloured Fringes and Kelim Without Fringes

Kelim is a characterful rug with a dense, strong, flat weave. One of the most durable, popular rugs in the Kvadrat collection, it is now available in five additional natural colours meticulously crafted from blended undyed wool.

Woven by hand using twisted yarns, *Kelim* has a subtly shifting mélange expression deriving from the dialogue between its classic construction and puristic colours. The expansive palette comprises a versatile selection of 45 colours, ranging from vivid and joyful to gentle and organic.

Kelim offers extensive customisation options. It is available in coloured fringes, and without fringes, and in addition to its rectangular form, it is possible to order *Kelim* in round and odd shapes.

Kelim rugs are suitable for heavy residential and commercial use.

Kelim Naturally Coloured Fringes

Kelim Naturally Coloured Fringes offers an additional option to customise *Kelim*. All five natural nuances – Cream, Clay, Umber, Cocoa and Rock and all *Kelim* colourways can be combined with Cream-coloured fringes to capture the timeless charm of untreated wool.

Kelim Without Fringes

Kelim Without Fringes is available in five natural colours meticulously crafted from blended undyed wool. Cream, Clay, Umber, Cocoa, and Rock capture the natural charisma of pure wool and instil the rug's surface with a subtly vibrant mélange look.
