## **Souma and Souma Stripe**

*Souma*, a richly textured plain weave, combines the charisma of a flat weave with the tactile charm of a pile rug. It is woven by hand using the artisanal Sumak technique. *Souma Stripe* features horizontal stripes, also woven using the Sumak method, which plays across a flatwoven kelim ground.

In Sumak weaving, the weft is repeatedly wrapped around the warp threads, as opposed to a classic Kelim weave. This technique creates a mesh-like woollen structure that lies between weaving and embroidery, and a voluminous surface with exceptional colour depth.

*Souma* and *Souma Stripe* share 45 colours with the Kelim collection. The full colour scale unites bold dyed shades with a scale of neutral notes, including five new natural tones created by meticulously blending undyed pure new wool. This responsible method of colour design reduces the need for water, and energy and avoids using dyes.

*Souma* and *Souma Stripe* are highly durable. Consequently, they are suitable for medium to heavy use in a variety of residential and commercial spaces.

### **Souma**

*Souma* combines the charisma of a flat weave with the tactile charm of a pile rug. It is woven by hand using the Sumak technique. This artisanal approach gives *Souma* a richly detailed mesh-like woollen structure and voluminous surface characterised by exceptional colour depth. *Souma* shares 45 colours with the *Kelim* collection.

### **Souma Stripe**

*Souma Stripe* features voluminous horizontal stripes woven using the Sumak technique, which play across a flatwoven Kelim ground. The rug provides the opportunity to customise the dimensions and colour of the stripes. With 45 colours to choose from, the stripes can be in a single colour for a subtle difference in texture or in contrasting hues for a bold, graphic look.
