Remix Screen

Remix Screen is a lighter version of the acclaimed textile *Remix*, which is specially developed for wall panels, desk screens and similar applications. Like *Remix*, it is designed by Giulio Ridolfo.

The composition of *Remix Screen* is identical to *Remix*: two different mélangé yarns, which each combine up to three hues. Consequently, the textiles offer the same exceptional colour depth, play of subtle details and colour contrasts when seen close-up.

While *Remix Screen* derives from *Remix 3*, there is a subtle difference between the two textiles. *Remix Screen* has slightly more open construction and is greater in width.

Remix Screen comes in 16 elegant colourways created matching the palette of *Remix 3*. Inspired by an extensive study of traditional Indigo dyeing undertaken by Giulio Ridolfo on his travels, these comprise subtle neutrals and natural notes, as well as bolder blue and orange hues.

Suitable for contract use, *Remix Screen* is very durable and has a long life span. It is ideal for architects and designers who seek to configure interiors into different spaces with panels, screens and room-dividing furniture.

Together with *Remix*, *Remix Screen* has a high content of renewable fibres and is certified according to the EU Ecolabel. It is appropriate for those looking for a textile with a reduced environmental impact; for instance, architects or interior designers working with LEED-certified buildings.

Giulio Ridolfo

Italian colour master Giulio Ridolfo works as a colour advisor to many of the world's leading interior, clothing and footwear companies. Drawing inspiration from diverse sources such as photography, art, and fashion, Ridolfo gathers images, colours, patterns and textures and combines these different elements and expressions until he creates something new.
