Dawn 2

Dawn 2 is a dim-out curtain created by Barcelona-based designer Cristian Zuzunaga. It offers an updated colour-scale, as well as excellent drapeability and light protection.

Constructed with three layers, the textile's dim-out effect is provided by weaving a black dim-out yarn between the front and back sides.

Dawn 2 is piece-dyed and has an even, unicoloured surface. In the lighter colourways, the black dim-out yarn subtly emerges from the surface of the curtain.

Cristian Zuzunaga collected items from nature, such as fallen leaves, for the refreshed colour-scale. He looked at them after it rained and, again, once they were dry. Reflecting this, some of the colours have a more pronounced sheen than others.

Dawn 2 is ideal for environments where a darkening effect is desired, such as hotel rooms and private bedrooms.

Cristian Zuzunaga

The designs of Cristian Zuzunaga explore colour as a means to '*drive interaction between individuals and their surroundings, evoke emotions, and counterbalance negative ways of seeing and thinking*'.

Cristian Zuzunaga has worked with leading international brands, including Danskina, Kvadrat, Faberge, Moroso and Ligne Roset. His work is regularly published and exhibited around the world.
