

Bambusa

Design Felix Diener and Ulf Moritz

Production method Tufted

Material 100% bamboo viscose

Pile height 12 mm (½")

Weight 4900 g/m² (16.06 oz/sq ft)

Maximum size without seams 400 cm × 700 cm (13' 1½" × 22' 11½")

Maximum size round Ø 400 cm (13' 1½")

Size variation +/- 2%

Traffic Suitable for moderate to medium residential use with exceptions of stairways, corridors or with the use of castors

Flammability ASTM D 2859/CPSC FF 1-70/FF 2-70, 16 CFR 1630

Care Professional cleaning

Country of origin United Kingdom

Warranty

2 years

Notes

- Slight colour differences will occur
- One m² contains 1.9 million bamboo viscose threads. Therefore some may detach when the rug is in use, particularly with new rugs
- Rugs made with bamboo viscose will reduce the amount they shed but will not cease shedding completely. This will not affect the appearance or quality of the rug
- If a bamboo viscose rug gets wet it will take a few days to dry fully. Do not walk on it as it will damage the yarns. The rug should not be rubbed as the structure may change
- Round or odd shape possible, will be calculated as a square or rectangle

Production time

6 – 9 weeks, variations possible with rugs > 6 m² and custom made dimensions
