

Floating

Lightfastness

4-7 (ISO 1-8)

Quality benefits

Good lightfastness

Environmental benefits

Mono material designed for circularity
Lyocell is produced in a closed loop organic solvent-spinning process
99% of the organic solvents and water used are recovered and reused
Lyocell fibres are naturally white after the spinning process and do not need any bleaching

Benefits of Lyocell

Lyocell is a natural material and a renewable resource
Lyocell is biodegradable
Lyocell is comfortable because of its ability to absorb and release moisture
Lyocell is very soft and breathable

Warranty

2 years. See terms and conditions on kvadrat.dk
